

Response

- Q1 Please provide the city/state name for affiliation 1.: Verona, WI
- Q2 “The red points referred to as ‘max’ ...” should be replaced by “The cross points referred to as ‘max’ ...”. The plot has been modified accordingly in the main document (inserted below for reference). Corresponding plots in the supplementary material have been modified as well.

- Q3 This paper is still in press. Here is DOI: <https://doi.org/10.1016/j.cropro.2019.02.012>
- Q4 Please see below. Publisher is Routledge, but it has two locations. Please note that we are not citing the book, but only an article from the book.

CITIES AND AGRICULTURE

Developing resilient urban food systems
